I-A-K Interplanetary-Abyssal-Kite

new release Xong collection – artist records (XX15)

Xing presents the new LP ***I-A-K Interplanetary-Abyssal-Kite*** by **Francesco Cavaliere**, fifteenth release of **XONG collection - artist records**. The release is on white vinyl, in a limited and numbered edition of 150 copies, including a collector's edition of 35 copies, each accompanied with a **foulard-kite** designed by the artist.

I-A-K Interplanetary-Abyssal-Kite is a composition by Francesco Cavaliere, part of his *Abyssal Creatures* project, based on an **ensemble of concave blown glass sculptures** that recall transparent creatures far from human representation: beings that inhale sound and exhale resonances. At the same time sound sculptures and music instruments, they have been created by the master glassmakers of Murano. In the words of Francesco Cavaliere, these sounding bodies "function as ambivalent musical instruments (idiophones, such as bells, and aerophones, susceptible to air vibrations) for which the two transparent materials par excellence were used: glass, rigid and crystalline, and sound, an intangible element, which moves and organizes through gaseous paths."

I-A-K Interplanetary-Abyssal-Kite is a record of **abstract electronics and glass music**, a crossing of abyssal paths flown over by a cosmic kite that skims, touches and approaches the thresholds, peaks of both visible and invisible places, and returns the sound that inhabits and surrounds them. "It is a sonic binocular with a thousand eyes" that fogs up and never decides to stop on one or more defined shapes: it is always in movement, bouncing between geometries. The different cells that make up its appearance - crystalline greens, greys and only in some cases orange yellows - were cut out and generated using a 2012 Macintosh OSX computer. Before being arranged, each sound ritually passed through three blown glass sculptures named *SÁBANAS I*, *ALÍQUOMANÁS* and *ENQUOMANÁSC*, belonging to the *Abyssal Dynasty I*.

Francesco Cavaliere is a visual artist, writer and sound maker born in Tuscany, Italy, in 1980. He lives and works between Berlin and Turin. His works are capable of enlivening his listeners' inner states through a polymorphic activity that combines writing, sound, voice, drawing, sculpture, which together stimulate the imagination, undertaking long journeys crossed by ephemeral presences. He writes sound stories and music based on particles of sound, noise and language, often integrated with installation and scenographic elements or live performance, showing a particular taste for the most diverse forms of exoticism. Over the years he has developed a veritable dictionary to catalogue the metamorphic beings that inhabit his own abstract fantasy universe: hybrids of objects, animals, plants, planets, trails, cosmic objects and physical and perceptual phenomena generated by glass, minerals and voices, recorded and performed with analog technologies. "*I am a talking scribe ... my voice is a cloud, my pen hisses.*"

From 2011 to today Francesco Cavaliere has produced series of performances, light and sound actions, concerts, radio and audio-visual works, audio stories, readings in the visual and musical field, Augmented Reality stories. His work has been shown in museums, art centers and international festivals including: GAM Turin; Museo Archeologico Nazionale di Napoli; Museo Civico di Storia Naturale, Milano; Palazzo delle Esposizioni, Rome; Triennale Teatro, FOG, Milan; LUFF Festival, Lausanne; Ambient Festival, Cologne; Live Arts Week/Xing, Bologna; Terraforma, Milan; RIBOCA1 Riga International Biennial, Riga; Issue Project Room, New York; Cafè Oto, London; INFRA FESTIVAL, Tokyo; BOZAR, Bruxelles; 3HD Fest, HAU Habel am Ufer, Berlin; Empty Gallery, Honk Kong; 7th Berlin Biennale; Les Urbaines Festival, Lausanne; Museum of Contemporary Art, Tokyo; Museum of Contemporary Art, Roskilde; Grimmuseum Berlin; CTM festival Berlin; Museum of Contemporary Art, Warsaw; QO2 Brussels; Kraak Ghent; ART Brussels.

Xong is the name of the collection produced by Xing, a vinyl-only record label of works by both Italian and international personalities linked to the variegated worlds of live performativity. The collection explores a geography of artists who present this sonic field as a platform to expand their staged worlds. "The space of the record" is given focus and amplifies their poetics as both a sonic and physical phenomenon. Xong is a unique project that draws out divergent understandings of the performative and live arts, beyond genre and intersecting between different practices. Xong collects a series of original creations that constitute an expanded program. Each physical record is a numbered edition on white vinyl hosting the solidification of the gesture. A wave upon wave, a series of "Music-Non-Music" to actualize both the artists and listeners imagination.

Xing is a cultural organization based in Bologna, Italy, operating with the purpose of planning, supporting and promoting products and events characterized by an interdisciplinary approach toward the issues of contemporary culture.
