Xong collection – artist records, a vinyl-only publishing project initiated by **Xing** in 2021 with original creations by artists linked to the worlds of live performativity, reaches its final form with a **box set of 19 artist records** on white vinyl.

Every Xong record's story is different. Even in terms of 'genre,' the records are extremely diverse: from **Lydia Mancinelli's** spoken word for **Marcello Maloberti's** slogans to **Mattin's** activist noise; from **Alessandro Bosetti's** micro-linguistic polyphony to **Invernemuto's** inauthentic vernacular; from the spectralism of **Iliaria Lemmo** and **Margherita Morgantin** to the hardcore of **Jacopo Benassi** and Kinkaleri; from **Luciano Maggiore's** anti-speciesist improvisation to the electroacoustic and acousmatic sounds of **Valerio Tricoli, Canedicoda, Renato Grieco**, and **Daniela Cattivelli**; from the interstellar techno of **Scott Gibbons** and **Romeo Castellucci** to the Tigrinya sound of **Muna Mussie** and **Massimo Carozzi**; from the surrealist poetry of **Giampiero Cane** to the noisy travelogues arranged by **Bea Goldoni**; from the chamber field recordings of **Mette & Iben Edvardsen** to the 'glass music' of **Francesco Cavaliere**; from the enigmatic *musique concrète* of **Claudio Rocchetti** and **Silvia Costa** and to the landscape reincarnations in **Luca Trevisani's** desktop electronics; from **Elvin Brandhi's** *Shout The Self Out* to the phantom pieces of 'placed music' from **Michele Di Stefano's** radio program; and finally with the noises of an Epic of the Fall experienced and commented by **Cesare Pietroiusti**.

The box set will be **launched** in two public occasions: on **Saturday 18 April 2026** at **Castello di Rivoli - Museum of Contemporary Art** in **Turin**, and on **Wednesday 27 May 2026** at **Voce Triennale** in **Milan**.

Saturday 18 April at 4 pm at Castello di Rivoli (Turin), for the launch of the box set, **Michele Di Stefano** will perform live for ***Surplace Radio***, broadcasting from an impromptu, nomadic location a program of new releases and ethnomusic delirium. For the fifty-third episode of the program, Di Stefano, as radio host, will present a selection of 'placed music' tracks from his LP ***L'altro Hotel***, along with the records by invited guests **Margherita Morgantin** (LP ***COSMIC SILENCE 5, fluorescence 4***), **Mette Edvardsen** (LP ***Livre d'images sans images***), and **Cesare Pietroiusti** (LP ***NEWTON***).

In the same evening **Luca Trevisani** will 'play' the text published with his LP ***AMAZOOM*** as a score for the sound performance ***Giungla da schermo / Foresta da tastiera***.

Silvia Fanti and **Daniele Gasparinetti**, artistic directors of **Xing**, and **Francesco Manacorda** and **Alberto Groja**, director and curator of **Castello di Rivoli** will take part at the event.

Wednesday 27 May at 7 pm Voce Triennale in Milan hosts the **launch** of the **Xong Collection Box**, with listening sessions and the presence of **Kinkaleri, Canedicoda, Margherita Morgantin, Luca Trevisani, Cesare Pietroiusti, Jacopo Benassi, Francesco Cavaliere, Daniela Cattivelli, Lemmo**, and **Beatrice Goldoni**.

Xong collection explores and traces a geography of artists who present the sonic field as a platform to expand their staged worlds. "The space of the record" is given focus and amplifies their poetics as both a sonic and physical phenomenon. The artists that Xing has involved in this project have always practiced transmediality. Xong is a unique project that draws out divergent understandings of the performative and live arts and their potential, beyond genre and intersecting between different practices. A series of "Music-Non-Music".

Xong collection records are distributed in the experimental music and art circuits. Main retailers for international sale: **Soundohm**, **Les presses du réel**, and **Flash Art** (collector's editions only).

Xing is a cultural organization based in Bologna, Italy, operating with the purpose of planning, supporting and promoting products and events characterized by an interdisciplinary approach toward the issues of contemporary culture.
